2023 LEADERSHIP SERIES

THE NEW K-12 STUDENT

K-12 schools and students have changed dramatically in the last 3 years. Let's discuss key areas for organizations to #MakeADifference in this new educational landscape.

ACTIVITY RESULTS

SHOCKING

- Lowering graduation requirements
- Disconnect between parents' perception of the children's academic success and reality
- 16 million students that need mental health support are not receiving it

EXCITING

- Funding ends December 2024
- Alternative candidates for the educators pool

CHALLENGING

- Increasing unenrollment from public schools
- ACT scores are the lowest in over 3 decades
- Educators are experiencing burnout and leaving the profession
- Economic hardship is impacting school attendance

OBVIOUS

- 75% of high school students feel negatively about school
- Unenrollment from public schools impacts funding
- 15 million students are chronically absent
- A lot of academic instructional time is being spent on teaching elementary students how to self-regulate their emotions
